NEWSLETTER SPRING 2011

VALERIE & KEITH EDWARDS

SPRING...

HAS (finally) SPRUNG!

2010 was one of the coldest on record (things can only get better...right?), we recorded temperatures of below -15° . Bet you're glad you drained down properly now, aren't you?

Keith can't believe it!!!

For the first time ever we had an isolated case of condensation collecting in pipes and freezing in a caravan that HAD been drained down properly—we are hoping that this was truly an isolated incident, which will not occur in future years. We will be issuing information

sheets again later in the year with full detailed instructions of drain-down procedures.

IN SYMPATHY with increased fuel cost, we are trying our best to keep any increases in ground rent to a bare minimum, they will not be reviewed until October.

YOUR ACCOUNT... if you pay by standing order your balance (reverse side of your invoice) should be showing £0 or credit (shown as a minus) provided you have made the necessary adjustments.

Whichever payment method you use—your account needs to be clear by 1st April 2011 to prevent any interest charges being levied against you. As stated in your site conditions, you will also not be able to use your caravan until any outstanding amounts have been paid.

WASHING LINES... don't forget to take them down, in-between drying (Health & Safety, you know?)

DAVID BELLAMY AWARD

GOLD AGAIN!

Yes we have got the Gold again! Many thanks to all of you for helping us to achieve this. We are very proud of this award and hope, with your help to retain it for the future.

For the first time in many years we have Bullfinches back on the park, and although Starlings are been in decline in general, we still have a great many visiting us. We have large numbers of Greater Spotted Woodpeckers and our Jay population has exploded in recent years. The general feeding of the birds has helped all species to thrive and has been of great benefit to our local Sparrow Hawk who is now reaping the benefit of many young birds! Please be nice to Darryl's pet peasant!

Hedgehogs have been spotted and the ever present (nut stealing) squirrels although a pest to some, are fascinating to others!

Could parents/guardians please explain to their children/charges the importance of leaving the flowers to grow naturally and not allow them to be picked, thank you.

The wet area by 'B' field is slowly being drained and cleared inline with David Bellamy's recommendation.

RECYCLING

Last year we lost our FREE recycling facility (due to improper use), we were very disappointed with this but decided to keep on recycling (we are now charged for this facility). Please, Please, Please recycle responsibly. Cans in the 'can bin', bottles in the 'bottle bin' etc., if unsure see Keith or Darryl (DON'T GUESS and DON'T MESS). Each wheelie bin costs £20 to empty (we do not get it free, the council charges us) so ANY and all recycling will help reduce our waste and ultimately keep site fees down! NOW FOR THE UNPLEASANT BIT... large items and/or electrical items need to be taken to the Waste Disposal Site (local dump—this is **not** by Moorlands wheelie bins but in Lampeter) .

CLUBHOUSE

Now until end of May, hours are...

Wednesday	7.30pm—11.00pm
Friday	7.30pm—11.00pm
Saturday	12.30pm—4.00pm 7.30pm—11.00pm
All Bank Holidays	7.30pm—11.00pm

Check clubhouse window for time

NOTE: if the clubhouse is not being used it will probably close earlier than stated.

After May, hours to be reviewed

SWIMMING POOL

Pool cleaning will take place (as it always does) at May Day Bank Holiday. This frenzy of activity will be followed with a BBQ (£2 per person

Safety first—ALWAYS...

over the age of 5). It will then open ready for Spring Bank Holiday and close after August Bank Holiday.

In order for us to keep the swimming pool open Health & Safety

Rules MUST be adhered to. Ceredigion Council carry out spot checks (as if they couldn't find something better to do!) and could close the pool down if rules are not followed. We all know how much fun it is to throw someone in, however, fun though it is (DADs), it cannot be allowed!

OOPS...

The main entrance wall has been repaired, those of you who are unaware—the brewery lorry had a slight accident (they denied having sampled some of their wares on the way up the lane!) and backed into it. Although it did resist, it lost the battle and crumbled! Thanks to them being insured and Alfie's building skills all is now back to normal.
